Shital Hanumant Bagal

Pandharpur, Maharashtra

bagalshital686@gmail.com GitHub LinkedIn

Career Objective

Motivated Computer Science and Engineering student with knowledge of frontend and backend technologies. Eager to develop user-friendly applications, solve real-world problems, and strengthen software development skills.

Education

Expected 2027 | CGPA: 9.63

B.Tech in Computer Science and Engineering

SKN Sinhgad College of Engineering, Korti, Pandharpur

2024 | 87%

Diploma in Information Technology

SVERI College of Engineering (Polytechnic), Pandharpur

2021 | 89.40%

SSC (Class 10)

New English School, Gadegaon

Technical Skills

Programming Languages: Python, Java, C

Databases: SQL, MySQL, MongoDB

Tools: Microsoft Excel, Power BI, GitHub

Core Knowledge: Software Development Life Cycle (SDLC), Computer Networks, Software Testing

Projects

AgroVani – Voice-Enabled Farm Assistant Using NLP

June 2026

Developing a voice-enabled farming assistant for farmers in the Solapur region, with natural language processing and regional-language support.

POMELO – AI-Based Pomegranate Disease Detection System

October 2026

Developed a web application that uses deep learning to detect and classify pomegranate leaf diseases.

Guruji Classes Website

April 2024

Developed a website for a tuition institute to present course and class information as freelance work.

Code to Flowchart Generator

June 2025

Developed a web application that converts code into flowcharts to make program logic easier to understand.

Certifications

- **Oracle Certified Foundations Associate – AI Foundations (OCI 2025) | October 2025:** Gained foundational knowledge of Artificial Intelligence, Machine Learning, and AI applications using Oracle Cloud Infrastructure (OCI).
- **Value Addition Program – MERN Stack Development | 3 October 2025 – 13 October 2025:** SKN Sinhgad College of Engineering, in collaboration with LeadSoft. Completed a value addition program and internship focused on MERN Stack Development.
- **RDBMS PostgreSQL Training | 28 August 2025:** Spoken Tutorial, IIT Bombay / EduPyramids. Successfully completed PostgreSQL training and the associated online test with a score of 75%.
- **Value Addition Program – Logic Building for Computer Programming | 3 March 2025 – 7 March 2025:** SKN Sinhgad College of Engineering. Completed a program focused on developing logical thinking and problem-solving skills for computer programming.
- **Database Management Systems (DBMS) – NPTEL | September 2025:** Studied database concepts, SQL queries, normalization, and transaction management.
- **Cloud Computing – NPTEL | April 2026:** Learned cloud architecture, service models, virtualization, and cloud deployment concepts.
- **Android and Python Development Training – Technowings International IT Solution, Solapur | June 2025:** Completed training in Android application development and Python programming fundamentals.

Achievements

- Winner, Weengs Project Competition | October 2026
- Participant, Kurukshetra Hackathon 2K26 | 24 March 2026 – 25 March 2026 | Fabtech Technical Campus, College of Engineering & Research, Sangola. Gained experience in innovation, technical problem-solving, and collaborative development.

Soft Skills

Communication · Team Collaboration · Time Management · Problem-Solving · Adaptability

Languages

English · Hindi · Marathi

Extra-Curricular Activities

- Participated in college-level hackathon events.
- Served as a TechnoZeal Coordinator, managing event activities and coordinating team members.
